## **MISSION STATEMENT**

To create wondrous sculpture  
inspired by structures and cultures of human history  
and the timeless laws of nature  
that effectively affects its audience.

## **MEDIA**

Current primary media are blown glass, concrete, and water.  
Additional media include stone, mosaic, ceramics, metal, digital media, electronics, etc as necessary.

## **QUALITIES**

- Capable of fluidly adopting new materials & themes to realize a cohesive vision
- Other pursuits includes rock and electronic drumming, most recently with Seattle band Falquez
- Clear communication & coordination skills proven in public art creation, installation, and conservation

## **TIMELINE**

2017 June	Cedar River Watershed Education Center – Instructor - “Conducting the Rain Drums”
2016 July	Pilchuck Glass School – Teaching Assistant for Ben Wright & Ian Burns’ “Growing Weird” (electronics, glassblowing, hot casting, kiln forming, kinetics, mixed media)
